### STATEMENT OF OBJECTS AND REASONS

Messrs. Burn and Company Limited, Calcutta, and Messrs. Indian Standard Wagon Company Limited, Calcutta, are engaged in the manufacture of Railway Wagons, Steel Structurals, Wagon Components and Refractories which are vitally needed in the metallurgical and transportation and iron and steel industry. Messrs. Indian Standard Wagon Company Limited (incorporated on 25th November, 1918) has its works at Burnpur, Asansol and is engaged in the manufacture of Railway Wagons, Steel Forgings, Leaf Springs, Coil Springs and complete sets of components for wagons, such as, forgings, pressings, door stampings, etc. Messrs. Burn and Company Limited (incorporated on 30th March, 1895) has its works at Howrah, Raniganj, Gulfar Bari, Jubbalpur, Niwar, Durgapur, Ondal, Lalkoti and Salem. In the Howrah works, the Company is engaged in the manufacture of Railway Wagons, Cranes, Heavy Steel Structurals fabrication, Steel castings, Steel forgings, cast iron castings and railway points and crossings. The other units of this Company are engaged in the manufacture of refractories and in due time ceramics.

- 2. From the middle of 1972, the Government started receiving reports from the West Bengal Government and the various workers' unions about the gross mismanagement of the two companies resulting in an alarming drop in production and erosion of capital resources. After considering the various reports received, the Government decided to appoint two separate committees of investigation to look into the affairs of the Indian Standard Wagon Company Limited and Messrs. Burn and Company Limited. The reports of the Committees of Investigation confirmed that the financial situation of the two companies has worsened over the years. As regards Messrs, Indian Standard Wagon Company Limited, it was seen that the net worth of the company as on 31st March, 1972 was (minus) Rs. 88.69 lakhs and its accumulated losses came to Rs. 265.21 lakhs. The deficit in the working capital was about Rs. 165.50 lakhs. As far as Burn and Company Limited was concerned, it was seen that the company was declaring dividends at the rate of  $17\frac{1}{2}$  per cent till 1965-66, in 1966-67 its net profits came down to Rs. 6.82 lakhs as against Rs. 158.76 lakhs in 1965-66. Thereafter the company started incurring very heavy losses and the accumulated loss as on 30th April, 1972 was Rs. 118.35 lakhs. deficit in the working capital was to the etxent of Rs. 50.43 lakhs.
- 3. Both the Committees of Investigation came to the conclusion that the worsening of the situation was primarily due to the failure on the part of the management to discharge their functions in an efficient, proper and timely manner. The management did not appear to have given any proper attention to the problems of diversification, proper delegation of authority, proper re-organisation of activities, adequate financial planning, etc., as a result of which matters were allowed to steadily deteriorate. The conclusion of both the Committees of Investigation was that the management had proved itself to be unworthly of the task of properly managing the company.

- 4. Both the companies are at present on the verge of closure in view of the financial bankruptcy and the consequent credit squeeze applied by the financial institutions. The action with regard to the two companies will have to be concurrent because of two factors, viz. (a) financial inter-linking and (b) production inter-linking. Messrs. Martin Burn Limited together with Messrs. Burn and Company Limited, the Directors of the Company and their relatives hold about 48 per cent of the ordinary shares of Messrs. Indian Standard Wagon Company Limited. Apart from that Messrs. Indian Standard Wagon Company Limited are dependent on Messrs. Burn and Company Limited for supply of certain critical inputs like castings, etc. The refractory units of Messrs. Burn and Company are supplying critical inputs to the iron and steel industry and it is also necessary to ensure that they continue and further expand the supply of refractories.
- 5. In the context of the fact that both the Companies are engaged in the manufacture of items vital to the country's economy and particularly in view of the fact that certain facilities in Messrs. Burn and Company Limited are needed critically not only to this company but if developed, will serve a large variety of industries in future, the Government, considers that it would be essential to revive both the companies in public interest in a manner so as to make the optimum utilisation of the installed capacity. Both these companies are also executing important export orders for Railway Wagons and the drop in production in both the units has caused serious difficulty in the way of scheduled completion of these export orders. The revival of both the Companies would require injection of financial resources of modernisation, diversification, expansion, etc.. of a magnitude which would be beyond the capabilities of the existing management. Besides the management do not appear to be able to stem the rot which has set in. It is therefore necessary to take a total and consistent view on both the companies which are inter-linked both financially and production-wise.
- 6. After carefully considering all the factors, it is considered expedient in the public interest to take over, initially the management of Messrs. Indian Standard Wagon Company Limited, Calcutta and Messrs. Burn and Company Limited, Calcutta, and to completely acquire the undertakings of the two companies subsequently. It is proposed to pay to the Companies an amount at the rate of Rs. 25,000 per annum in the case of Messrs. Indian Standard Wagon Company Limited, Calcutta and at the rate of Rs. 50,000 per annum in the case of Messrs. Burn and Company Limited, Calcutta during the period of Government\* management as indicated above.

# PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of Letter from Shri T. A. Pai, Minister of Heavy Industry, to the Secretary-General, Lok Sabha.]

The President having been informed of the subject matter of the Bill to provide for the taking over, in the public interest, of the management of the undertakings of the Burn Company and Indian Standard Wagon Company, pending nationalisation of such undertakings, recommends under clauses (1) and (3) of Article 117 of the Constitution, the introduction of the said Bill in and consideration by the Lok Sabha.

### FINANCIAL MEMORANDUM

The Burn and Company and Indian Standard Wagon Company (Taking Over of Management) Bill, 1973, provides for the taking over of the management of Messrs. Indian Standard Wagon Company Limited, Calcutta and Messrs. Burn and Company Limited, Calcutta, by the Government.

Clause 5 of the Bill provides for the payment of an amount at the rate of Rs. 25,000 per annum in the case of Messrs. Indian Standard Wagon Company Limited and at the rate of Rs. 50,000 per annum in the case of Messrs. Burn and Company Limited, Calcutta. The Bill, if enacted, would thus involve a recurring expenditure of Rs. 75,000 per annum on this head during the period of Government management.

The Industrial Reconstruction Corporation of India has agreed to provide the necessary finance to run the two Companies during the period of Government management and hence no budgetary support is required on this account.

# MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 15 of the Bill empowers the Central Government to make rules to carry out the provisions of the Act. The matters with regard to which rules will be made are matters of detail and it is hardly possible to specify them in the Bill.

The delegation of legislative power is, therefore, of a normal character.

## STATEMENT OF OBJECTS AND REASONS

Messrs. Alcock, Ashdown and Company Limited was incorporated on 17-3-1884 at Bombay. The Company owns two plants, one at Bombay and the other at Bhavnagar. Its activities which are included in the list of priority industries, comprise of Light and Heavy Structurals, Transmission Line Towers, Railway Points and Crossings, Ship Repairs, Boat Building, Marine Diesel Engines, etc.

- 2. The Company which was making substantial profits till 1965 started declining from 1969 onwards and came to a close in January, 1971. The affairs of the Company were subsequently investigated by the Government through an Investigation Committee and the report revealed that while the deterioration in the performance of the Company was caused by a number of factors, the primary cause was the serious lapse on the part of the management in running the Company.
- 3. After the closure of the Company, on the application of one of its unsecured creditors, an order for the winding up of the Company was made by the Bombay High Court on 13-1-1972. After the winding up order, on the application of the Bank of Maharashtra, one of the secured creditors of the Company, a Receiver was appointed by the High Court for looking after the interests of the secured creditors. The Official Receiver has now invited tenders regarding the auctioning of the properties of the Company at Bombay and Bhavnagar.
- 4. As the Company was formerly engaged in boat building, ship repairs and the production of marine diesel engines, and was also engaged in the production of goods which are essential to the needs of the country in general and defence departments in varticular, the necessity to revive the activities of the Company for the production of goods for the various strategic use was carefully considered. After considering all the aspects of the matter, it is felt that it is expedient, in public interest, to acquire, on payment of a sum of rupees one crore, the undertakings of Messrs. Alcock, Ashdown and Company Limited at Bombay and Bhavnagar. The Bill seeks to achieve the said object.

New Delhi;

T. A. PAI.

# PRESIDENT'S RECOMMENDATION UNDER ARTICLE 117 OF THE CONSTITUTION OF INDIA

[Copy of Letter No. 20-8/71-HM-2, dated the 24th November, 1973 from Shri T. A. Pai, Minister of Heavy Industry, to the Secretary-General, Lok Sabha.]

The President having been informed of the subject matter of the Bill to provide for the acquisition, in the public interest, of the undertakings of Messrs. Alcock, Ashdown and Company Limited at Bombay and Bhavnagar, recommends under clauses (1) and (3) of Article 117 of the Constitution, the introduction of the said Bill and its consideration by the Lok Sabha.

# FINANCIAL MEMORANDUM

The Alcock, Ashdown and Company Limited (Acquisition of Undertakings) Bill, 1973, provides for the acquisition of the undertakings of Messrs. Alcock, Ashdown and Company Limited at Bombay and Bhavnagar.

Clause 7 of the Bill provides for the payment of an amount of rupees one crore for this purpose. The Bill, if enacted, would thus involve a non-recurring expenditure of rupees one crore on this head.

## MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 8 of the Bill empowers the Central Government to make regulations with regard to the management of the undertakings of the Company which have vested in the Central Government under clause 3. The matters with regard to which regulations will be made are matters of detail and it is hardly possible to specify them in the Bill.

The delegation of legislative power is, therefore, of a normal character.

S. L. SHAKDHER,
Secretary-General.
